The Sneeze Guard Company

Project Name: _____

Location: _____

Item #: _____ Qty: _____

Date: _____

Model: **C224**

Class: Island Food Shield / Sneeze Guard - Self Service - (45° slope)

Model C224 is part of the Crystalline Series featuring the elegant all glass look. The C224 Self Service Island Food Shield (sneeze guard) is characterized by the clean 45° slope on the front shield. These guards allow a maximum bay size of 60" and various widths to fit the counter top. The C224 has five styles of support which can meet most any self-serve layout needs and are available in 1/4", 3/8", or 1/2" safety tempered glass. Multiple bay units using our sculptured center supports provide large self service areas without ugly posts getting in the way. Our multi-bay sneeze guard systems provide continuous smooth shields. Custom sizes available. Always review your sneeze guard plans with your health department.

- Crystal Clear 1/2" Safety Tempered Glass Supports
- Straight and Curved Counter Installations
- Three Standard Widths (24", 28", 34" plus variable)
- Large Bay Size (Up to 60" between supports)
