Model: **C110**

**Class:** Partition - Sneeze Guard - ( vertical shield )

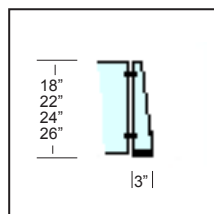

Model C110 is part of the Crystalline Series featuring the elegant all glass look. The C110 is characterized by the vertical front shield and in-line partition posts. The support posts are in-line with the partition glass creating a continuous flow to the sneeze guard and a clean look on the counter. The C110 only requires a 2" wide mounting surface and comes in 1/4" safety tempered glass. These partitions provide a maximum of 60" between supports. The C110 is available in four standard heights with custom sizes available. Always review your sneeze guard plans with your health department.
