

Model 107 represents a family of free-standing partition sneeze guards. The C107 is quick and easy way to meet your sneeze guard needs. There are five standard heights, and six standard widths . The NSF height requirements for a sneeze guard partition is for the top edge of the glass to be 60" or more above the floor. Choose the correct height panel for your counter and with three C107 partitions you have a carving station which meets NSF requirements. The C107 only requires a 2" wide mounting surface making it an ideal solution for tight areas. Custom sizes available.

- Clear 1/4" Safety Tempered Glass
- Six Standard Widths (12", 18", 24", 30", 36", and 42")
- Five Standard Heights (12", 18", 22", 24", and 26")
- Narrow Mounting
- Easy to Clean (1/2" air-gap under glass )
