

Model C124 (straight) and the C124A (curved) are part of the Crystalline Series featuring the all glass look. The C124 is used on straight counters where the C124A is used for curved counter installations. These sneeze guards are characterized by the clean 45° slope of the front shield. The maximum bay size for these sneeze guards 60". The C124 & C124A have five styles of support which meet most any self-serve needs. Multiple bays units have a continuous smooth front shield. This sneeze guard meets NSF requirements when the "Deep" or "Extended" supports are used as end supports.

- Crystal Clear 1/2" Safety Tempered Glass Supports
- Large Bay Size (up to 60" between supports)
