

Model C128 (straight) and the C128A (curved) are Self Serve Sneeze Guard in our Crystalline Series featuring the all glass look. This sneeze guards are characterized by the clean 45° slope on the front shield and top shelf. These sneeze guards allow a maximum bay size of 60". The C124 family has five styles of support which meet most any self-serve needs. Multiple bays units using our sculptured center supports provide large self service areas without ugly posts getting in the way. Our multi-bay sneeze guard systems have a continuous smooth front shield and top shelf.
